Dear Logan County 4-H Teen,

Logan County 4-H is looking to send and recognize more youth on a state and national level. The Ohio 4-H Achievement Form is used in two ways; 1) on a county level we use it to select youth for state opportunities, 2) on a state-level the Achievement Form is used to select state-level awards and send youth on national trips.

ACHIEVEMENT AWARD FORM

This packet of materials allows you to compete for county and state recognition, as well as the opportunity to be selected to attend any one of a variety of state and national camps and conferences. All award applications must be received by the Logan County Extension Office no later than 4:30pm on Monday March 1, 2021. I encourage you to allow plenty of time to complete the application both completely and correctly. Finally, be sure that you, your parent, and your advisor sign your application. Applications which do not have proper signatures of which are received late will not be considered for selection.

At the end of this packet is an example of a great Achievement Award form for you to use when walking through your own form.

STATE SELECTION

Certain 4-H Achievement Award forms will be selected to move onto a state-level assessment. We will be in contact with you if you were selected to move onto a state-level. You do not have to submit your Achievement Form to the state-level, we will double check with you when we select the applications that move on to the state.

If you have any questions or need help filling out the application, feel free to contact me at bower.183@osu.edu.

Thank you,

Justin Bower

Points to Remember When Working on your Photo Page
(Developed by Lisa McCutcheon, 4-H Educator, Licking County)

- You want to choose only a few photos. No fewer than five to eight should be used. There is no maximum number, but use common sense. Do not use a collage of photos—it just isn't professional.
- The photos that you choose should represent your entire tenure within 4-H project work. Choose a few from your younger years, and a few that are more recent. Just be sure that the photos relate DIRECTLY to the project area that you are applying to receive recognition.
- Remember to label the photos so the judge will understand what is being done in the photo. It is important they realize what the award was you were presented, or how old the member was you were mentoring, or that you are feeding a flock of animals that you have purchased and cared for yourself. Details help the judge to understand the breadth of your involvement.
- There are obviously a number of ways that are appropriate to arrange photos on a photo page. Just be sure they are displayed neatly, in color, with labels, and are easy to see (not too dark, too bright, or blurry), and that they relate to your 4-H project work.
- Do not include photos that depict you doing Girl Scout/Boy Scout/FFA/etc activities. Remember that we want your photo page to portray your accomplishments and growth through 4-H Youth Development programs.

A. 4-H PROJECT WORK (20 points): List by major projects and/or program areas. Use numbers when appropriate to show size, extent, growth, number of items, savings, etc. over time.
